Customer Reviews

This text offers insight into working with LGBT people, including factions that others may not think about, like minorities and the elderly. It touches on concepts which matter to all social workers.

Working with LGBT people is addressed pervasively, both in a wide variety of practice methods and across the lifespan. This book is great for all social workers, as well as anyone who is passionate about social justice.

It is a good book on the subject I would recommend it to anyone in the field of social work
