Great Passenger Ships: 1920-1930

Synopsis

Celebrating the passenger liners of the 1920s—the zenith of ocean travel, with an anecdote-spiced text from a noted passenger liner expert and unpublished photos from private collections. This book focuses on the 1920s, ships such as Rawalpindi, Victory of India, Majestic, Olympic, and Berengaria as well as lesser known but fascinating vessels. The 1920s have become a fabled era for oceanliners, a period of growth and opulence as companies began recovery after the First World War. As the decade went on plans were drawn for great superliners, until the Wall Street Crash changed the world. During the 1920s German Imperator became Berengaria for Cunard Line, Columbus became Homeric for White Star, and Bismark was named Majestic for White Star, becoming the line's most popular ship. White Star and P&O Cruises had great success, and Orient Line, Union Steamship Company, Union Castle and Furness-Bermuda Line all added their own ships to the mix during these golden days of ocean travel.

Customer Reviews

As usual William H. Miller does a great job of providing great photos of the ships of this era - glad that he did lesser known ships of this time period - a nice way for anyone to get interested in these wonderful ships.

it is Bill Miller good writing great photos, fine covers other lines too My relatives were officers on Bremen Europa and Columbus thanks

More photos [particularly of interiors] would be preferred to nostalgia advertisements, but all in all not bad. I got a used copy for \$17.
