The River Reader

Synopsis

THE RIVER READER, 11th Edition (formerly THE RIVERSIDE READER), is a collection of expository essays arranged by rhetorical modes: narration and description, process analysis, comparison and contrast, division and classification, definition, cause and effect, and persuasion and argument. A final thematic unit illustrates all of these modes. The readings represent diverse voices and views from some of the most respected professional essayists working in the English language, along with short stories. Essays in this edition serve as structural models for students to emulate in their writing and as sources of content for classroom discussion and paper topics. Headnotes and post-reading material analyze each reading in context, helping students better understand the craft of writing and apply what they learn to their own work.

Customer Reviews

I had to get this for a class. While I would not pick this up myself I did enjoy it's format and collection of short stories/articles. It was a good textbook and I enjoyed the readings that were assigned from it.

Well of course it is a book, but was received in excellent condition. It took about three weeks to come I started to get nervous but it arrived I was impressed!

College book, beat buying one forever. Rental cost is the way to go, just don't send it in late and do mark your calendar.

The book is okey. But for some reason it took 20 days to deliver! I was very behind in my class!!!

Pretty neat and clean!! Just a few writing and notes in it

Got me through English-yay!
