Lupus: Men Have It Too

Synopsis

Lupus is a chronic inflammatory disease that occurs when your body's immune system attacks your own tissues and organs. Inflammation caused by lupus can affect many different body systems including your joints, skin, kidneys, blood cells, brain, heart and lungs.

Customer Reviews

I know the value of this book as I'm suffering from it. Talking about me , the only symptom I had was joint pain. Each morning, I'd wake up with pain in a different joint. So now I'm taking medicine for this. I'm glad I found this book as it is very informative about lupus and I got a very good understanding. Thank you
