Customer Reviews

This is an excellent reviewer for the ACT test. My particular interest is in its reading comprehension and essay writing sections which I found well presented, in various difficulties, with clear

explanations and good focus recommendations. The material is more challenging than in some other reviewers but this aspect is a plus for the more serious student.

"Peterson's ACT Prep Guide Plus 2016 is a user-friendly resource for students (and parents) to help them grow confident about understanding the ACT. The strategies outlined in each chapter are easy for teens to digest and follow. As both a college counselor and mother of teens, I am recommending this book to both my students and sons as the go-to guide for ACT prep. The bonus material included on the CD has interesting video content as well as a mobile app that offers teens interactive ways to prep for the test. In our ever-changing world of standardized tests, it is comforting to know that Peterson's is up-to-date on the new nuances and changes in testing from the get-go. Peterson's is a name that I trust in educational publishing."
