This is not a very easy textbook to read. Lots of reading and deciphering the information. Very hard to find answers to questions in the text.

Speedy delivery and it was exactly like it was described. I was worried about the water damage but it doesn't affect the literature.

While this may be a condensation of research over the course of years, 40 pages dedicated to how Obama is awesome isn't necessary. Simply having the facts at the front with "additional reading" or with appendices would have been best.

Exactly as described, and in great condition!

I really like this textbook, it provides very thorough and detailed information. For someone who knows nothing about Human Services, this textbook will put them on the right track.

A lot smaller than expected. I just need it for a class I'm taking at school and this was the cheapest and quickest shipping for renting.

Had to return this book. Book had serious water damage. Not useable. Very disappointed.

Good information contained within the new York and then we have a few days of this.
