Customer Reviews

A coworker had this book and I knew I MUST have it. This book is perfect for any teacher regardless of the grade level. I love that it includes photos and it is so easy to understand. As a PE teacher you have to work around mother nature and this provides great ideas for those days when there's just too much heat or too cold to be outside.

These are great activities for PE teachers who might not have a gym on certain days, or for classroom teachers who need to stay inside during bad weather. These activities are great to get students actively involved, instead of minimally active games like heads up, seven up.

My purpose in purchasing this book was for ideas for indoor PE. It has proven to be very helpful.
