Indian Casino's On Reservation's AMERICA'S UPCOMING ATROCITY: The Ultimate Sneak Attack

Synopsis

This new uprising in American Indian Gaming shall ultimately be unparalleled in its adverse effect on the economy, crime and social behavior as we know it. I, of all people, certainly cannot blame the American Indian for their desire to capitalize on what has turned out to be one of the most lucrative businesses in this new millennium. I had made several Native American friends during the time I spent working in the industry as an Assistant Casino Manager. Included in the book are several real life stories from gamblers who wanted their stories told, excerpts and anecdotes from day to day events within the casino, and historical events between the States and Tribes that began over a hundred years ago.
