Customer Reviews

Sometimes, the whole world of snacking seems to be based on the one thing you're supposed to limit: refined carbs. Even the "healthier" packaged items, like granola bars, smoothies, and crackers, are full of them. If you look past the vending machine, though, you'll find plenty of other tasty options, like these smart snacks. The best part? They're as easy to toss together as they are delicious. Very good recipes and love having the carbs and fats listed. I've gotten a cookbook that doesn't list any of those things. I tried some recipes from this book and they are really delicious and they are so easy to follow. My favorite so far is High Protein Almond Muffins. Delicious! Highly recommended for health conscious person.

This is how you craft a recipe book. Someone who cares about her audience and providing nothing but quality recipes. I appreciate it. Thank you!
