Lakeville

Synopsis

Shelby Miller returns to her childhood summer home in Lakeville, Maine. About to be divorced, Shelby brings her two children to Lakeville, the one place she loves, and feels safe. Shelby's past meets her present when she reunites with an old childhood friend who helps her to open up her heart and learn to love again. Along the way, she finds out a few hidden secrets about her own family.

Customer Reviews

The plot of the story was a good one, if somewhat predictable. The main characters were interesting and easy to cheer for. Why, then, am I only giving it two stars? First, the writing was just okay. Second, it's absurd to the point of being ridiculous that nearly all characters in the story mysteriously turn out to be gay. If it's a story about a group of characters working for a gay-friendly organization or for an LGBTQ cause it would make perfect sense (see Melissa Brayden's Soho Loft Series). But when the story is about two women reconnecting in a small American town, it leaves the reader incredulous. Not everyone's mother, grandmother, sister, best friend, daughter, and

daughter's best friend is going to be a lesbian. There are so many truly excellent lesbian romances now available (see anything written by Melissa Brayden, Carsen Taite, Dakota Hudson, Nell Stark, to name just a few) that it will be hard for Lakeville to compete.

Yes, they fell in love quickly like one reviewer stated, but you never forget your first love. I really liked the story and is worth a read. Only complaint was I wish it were longer. Will read this author again. Good job!

This is a good story, it's light and soft, Lee and Shelby, best childhood friends who fall in love young and separated for a long time and reunited, Lee is the beautiful sheriff of the small town and Shelby is a very kind woman but all suddenly changes..... Shelby was a billionaire and everybody was lesbian...it was a little disappointed....but i still recommend it...

If you're looking for a quick predictable read then by all means this book will fill the bill. The story line showed promise but, after the first chapter just skimmed over every situation. It's possible, with being more in-depth this book could shine

I love this book! I highly recommend it and I look forward to reading more books from this author!
