## Customer Reviews

I have the mouth of a trucker. Some tell me its unattractive for a woman to cuss but f them. I like to color with my children but I needed coloring books to fit my style and personality. I sure found them with this book. The words are okay and the graphics are mediocre, which is alright because this book is reasonably priced compared to other books of this nature. The book has 25 pages of designs and each design has its own page. I've actually seen books in the store with one design on

front and one in the back which may be okay for coloring with pencils but not with gel pens.

Speaking of gel pens, not sure if its the pens I used or the thickness of the paper but some colors did bleed through the back but not that bad where it would affect the next design. Overall this is a decent swear word coloring book and could recommend as long as they don't jack up the price.

I was so excited for this book, but it left me rather disappointed. The swear words made it fun, but the pictures left a lot to be desired. I was hoping for a book with actual patterns to color like a good adult coloring book, but the designs were too simple for my liking.

awesome I love this book havent started coloring in it yet just got it yesterday but I can't wait I love all of the swear words and I came up with some very cute and funny ones
