The Blank Cookbook: For Your Recipes

Synopsis

Blank Cookbook: This best-selling blank cookbook is designed for storage and preservation of your recipes or those of someone you care about. Unlike other blank cookbooks that followed as imitations of this one, The Blank Cookbook is a larger size and has 170 pages of large print designed so that you can easily record your favorite recipes and find them again when you want to use them or pass them down to future generations of family or friends. Other knock off blank cookbooks are much smaller and don't provide significant room for all your recipe details. It's perfect for: The family chef, Professional chefs, and beginning chefs wanting to have a blank cookbook that can be filled with recipes enjoyed by family and friends. The Blank Cookbook is a book that you write that can be used for: Personal use and reference, Gifts to family or friends who enjoy your cooking, A recipe journal, and can be passed down so future generations can experience cherished family recipes that brought people together in the past. The pages of this blank cookbook are ordered with specifically titled, empty sections for: Ingredients needed, Preparation directions, Cooking directions, Serving notes to help you store the information required to consistently produce quality results, and family memories associated with food (whose recipe was it, whose favorite food, what family events or traditions featured this food). Its simplicity and ease of use makes The Blank Cookbook useful and fun. It makes a great gift for mothers, fathers, newlyweds, graduates, aspiring cooks or as a house-warming present. This blank cookbook is empty until you fill it up, so order your copy and start adding recipes that you and your family love today!

This is just what I was looking for to record some of my own original recipes and those that I pick up from watching cooking shows on TV. This book provides the complete format needed for 164 recipes. Each page has pre-filled titles for Recipe Title, Ingredients Needed, Preparation Directions, Cooking Directions, Serving Notes, and spaces at the bottom of the page for family memories of the dish. The book also includes a Table of Contents to assist in locating your recipes, a cooking measurement chart, and a generous number of blank lined pages to record additional notes, stories, and storage information. This book has helped me get my favorite recipes organized in one, neat, and efficient location. I am very pleased with this purchase and I am sure that it will be well used for many years to come.

The available area to write up the involvement of creating the recipe is limited, and a lot of my recipes are heavily involved, so short answering won't come easy. I will devise this plan: "Continued on page XXX".... there are lots of blank lined pages in the back to add to them, but this is still inconvenient. Otherwise it's perfectly fine.

The Blank Cookbook is actually such an excellent idea! I personally use it to write down recipes that I have experimented on, and it works for my household because I have roommates and now it is possible for us to cook each other's recipes even when the other isn't home. I think it would make a great giveaway, for example, for a grandmother to hand down family recipes to their children and grandchildren. It is also ideal for newly weds, to have a compilation of their already loved recipes! I can also see it working for professional chefs as they create new masterpieces. The idea is so simple, it works!

I really like the way this blank cookbook is laid out but can only give it 3 stars because I doubt very much that it will hold up for any length of time. Pretty cheaply made. I will use it for a year or so and reevaluate.

This book gives form to the myriad of recipes that were on slips of paper in my kitchen drawer. The table of contents provides me an easy way of recording data so I can easily find what I am looking for. This well thought out cookbook has helped me unify my family's old recipes into a single

location. Now I set aside twenty or thirty minutes a week to remember the smells and taste of my grandmother and mother's marvelous simple recipes as I enter them in. I plan to pass this book down to my children so that they will share in what makes our family so unique.

I purchased this book quite awhile ago and absolutely love it!! The Only thing I would change is to have center pages that face one another changed to ONE recipe over the 2 pages,,,that would give a person room to write the more complicated recipes down. OH, and change the page numbers to the bottom and perhaps a little larger :0)

This was just what I needed and then some. It's got a professional and classy interior and keeps cooking notes detailed and organized. Though it's I didn't even know that there was a cooking chart in the back of the book, I find myself referring to it repeatedly for information on cooking weights and measurements. I'm going to order some more of these for Christmas gifts this year.

I bought this for my mother's birthday last summer. She used to keep her recipes and notes on parties in an old spiral-bound notebook that was constantly losing pages--and so losing recipes! Now she spends time carefully writing out her own recipes, along with what worked and didn't work, menus for parties, and even pictures and mementos. It's such a wonderful, useful treasure that I hope she'll pass along to me one day. This is the single best gift I've bought her, and this Christmas I'm getting one for my aunt and sister, too.
