So unless you're Martha Stewart and already know all this stuff, this book is like one-stop-shopping for people who will be throwing a wedding shower. I really appreciated the check lists, schedules, even recipes in this book. It's got a touch of humor, it's well organized and it made me throw a way more fabulous shower than I could have if I hadn't had it to reference. Very useful book. Strongly suggest you buy it.

Organized a lovely shower with about 20 ladies in attendance. Used some of the ideas from the book, but mostly realized as I read this book online that I was ready for the next day. It basically gave me confidence and I received many compliments about the beauty of the occasion. Can be read quickly and used as a reference.

You hardly ever find a book that has really got "everything" in it, but this one does! I pulled off two almost-perfect wedding showers thanks to the information in this book. The author has a great sense of humor, too, and I loved that! It's the only book you need on the topic to host a shower worthy of a super-hostess.

I used this book to remember just how to give a party for over 50 people at a couples shower. What to do when it is the coldest and rainy day. I just went with it. My Daughter and Son in law to be really had a great time. The food was great, the them was maintained . Thank you

The book was helpful. I think we are going to use a couple of the ideas in the book. Some of the ideas in the book were a little out of there. They may work for someone without a budget, however we have a budget. They book was well written and I enjoyed reading it.
