# Talk Cancer To Me: My Guide To Kicking Cancer's Booty!

## Synopsis

Having cancer is one of the scariest things in the world. But youâ™re not alone. As this cancer survivor shares her own experiences, youâ™ll learn a lotâ™and youâ™ll even laugh out loud! In *Talk Cancer to Me*, author Jessica Lynne DeCristofaro confesses the initial terror at her unexplained symptoms, the mounting stress as none out of myriad different specialists could help her. Finally, after landing in urgent care, she is officially diagnosed with Hodgkinâ™s Lymphoma, an aggressive type of cancer. But sheâ™s determined to beat it. Always one to look on the bright side, DeCristofaro seeks out laughter as she faces a terrible situation. While buoyantly recounting parties in the ICU and flirting with cute doctors, she also openly details some of the physical and emotional challenges cancer patients experience. DeCristofaro provides definitions doctors may gloss over and practical tips for fellow patients as they step through their own treatment process. The positivity and optimism of DeCristofaroâ™s outlook and her often irreverent approach shines through in her writing, serving as an inspiration. From wig shopping to the best diet when undergoing radiation therapy, DeCristofaroâ™s advice and experiences will help replace fear and uncertainty with hope and clarity. The majority of the proceeds of this book will go to cancer research.

## Book Information

Paperback: 64 pages

Publisher: TCTM (September 8, 2016)

Language: English

ISBN-10: 0692755195

ISBN-13: 978-0692755198

Best Sellers Rank: #81,196 in Books (See Top 100 in Books) #133 inÂ Books > Health, Fitness & Dieting > Diseases & Physical Ailments > Cancer

## Customer Reviews

Ordered the book immediately and received it yesterday. I could not put it down. The book is a lot more than a "how to" guide for those battling cancer or a discussion of external beauty tips. It is a display of inner beauty, tremendous courage, strength and most of all, gratitude. For those of us who have followed and continue to follow Jess's journey, we are familiar with the details. But reading in the form of a continuous narrative is a different experience - extremely moving and

inspiring! Jess - "thanks for sharing!" is an understatement of appreciation. I hope there comes a time very soon when this disease, in all forms, is obliterated.

I love this book! It's short and sweet and very to the point. I had no idea what chemotherapy or radiation was really like until I read this book. Bravo to the author for exposing so much of her story in this book and giving other cancer patients hope and confidence! I hope there is a sequel!

Talk Cancer to Me is a cute, witty and real guide to fighting cancer. The author puts everything out there. This book made me laugh and cry. I loved it and highly recommend to anyone fighting cancer or knows someone who is.
