Customer Reviews

Poor value for \$'s spent. This is a very tiny 60 question 'booklet' - not a book. Was hoping for a lot more questions. Should be more like \$10-\$15 for what it is. Also, I had already paid \$50 to write an on line practice exam through the Castle testing and many of the same questions were duplicates in the book. To those looking to do a practice exam - do one or the other. Both was a waste of money.

I found this to be very poorly written and formatted HORRIBLY! Was it needed to successfully pass the test? Yes. Which is why I gave it 3 stars. But they should really review the content and make it more reader friendly.

Great prep tool for taking the Pilates Method Alliance Certification exam . Must have for all candidates.

Good questions but I would have liked more.
