Simple Machines

Synopsis

In her second full-length collection, Duffey explores the overlapping realms of biology, mechanical genius, and creativity. Says Katherine Coles: "At the heart of this book is the most emotion-laden human dilemma: infertility and the longing for a child that makes the 'simple machine' of the book's title anything but, since the machine fails at what should be its automatic function. Yet technology intervenes-and at last, whether Duffey is playing with the OED or asking the reader to fold words into a poem, this book in which everything acts as a machine, even a kitchen, even a page, even a womb, is as full of pleasure and wit as of pain."

Book Information

Paperback: 90 pages

Publisher: Word Works (May 1, 2016)

Language: English

ISBN-10: 1091538093

ISBN-13: 978-1091538092

Product Dimensions: 6 x 0.2 x 9 inches

Shipping Weight: 5.1 ounces (View shipping rates and policies)
