I love sweets and I always want to include something sweet in my every meals and snacks. I know that eating too much sweet can be harmful to my health and I want to break free from excessive sugar consumption but I don't know how to start it. This book gives me step-by-step procedures on how I can make 21 days sugar detox meal plan and it contains here the different recipes on how I can kick my sugar cravings. Exceptional work!

This was exactly what I wanted...short, direct and to the point. I was not in the market for a big thick book with hundreds of recipes I wouldn't try nor having to skim over reading success stories of others....I should point out that, yes, this book does have recipes but concise.

I loved this book about sugar detox. It made it so easy to understand the procedure. I did the detox and I lost 8 lbs in 14 days. I have maintained eating healthy and have not put any of the weight back on. I have so much more energy from doing this program. I highly recommend it to everyone.

Overweight has become a great problem day by day due to unconsciousness. And most of us think that sugar is mostly responsible for this problem. Actually I think so. But after reading the book my thought has changed. The main thing is the quantity of sugar we take not the sugar actually. The writer has told the whole thing briefly in this book. She has given a lot of information & strategy through which we can minimize the amount of sugar in our every meal. Sara Givens has given a step by step meal plan of how to prepare those meals regarded on this. I think this is a great helpful book. Thanks to the author!

This is a book all about sugar the important and necessary element of our daily diet. I found this book interesting and was surprised knowing that we are taking a lot of sugar everyday in different forms. In the book you will learn how sugar negatively affects our body. You will be able to learn how to lead a lower sugar lifestyle which will help you to enjoy a healthier life. I highly recommend this informative book.

I am very addicted when it comes to sweets and I want to stop it because I don't want to have a disease like diabetes. This book gives me deeper understanding to the effects of sugar in our body and this book helps me on how I can kick my sugar cravings. It guides me on how I can do a sugar detox meal plan in the right way. This book will provide us different delicious and healthy meals. Great book!

I love sweet stuff. This book has great content on having a sugar detox diet. Sara Givens is easy to understand and gets straight to the point about what you need to know. This book takes you step by step to learn how to start this diet. The diet only takes 21 days. It's quick and healthy.
