## Customer Reviews

Our family have allergies on certain foods and sneezing and rashes are usually common to us. I've been looking for some books that will help me heal my body from toxins. I have come to this book and will definitely share this to my family. With the 21 day recipes, I'm sure this will help us heal/cleanse our gut. For those who also bought or wants to buy this book, you won't regret having this book because this book gives you the information you needed like why we need gut healing, what will happen to our body, what are the do's and don'ts, how are we going to benefit from this, and not to mention the diet recipes that will surely work with us. There's no harm in trying but I'm sure this book won't give you any harm, instead this book will help you have a healthy body and mind.

The book is written very well and detailed. It has introduction on what is gut composed of and what are those that may affect it. Aside from that, I can say that it is well researched and done with extra expertise. It includes some recipes that our family may taste. With this reason, the 21-day Meal plan is so helpful. It contains different kinds of menus that you can prepare during breakfast, lunch and dinner in order for you to become sure that foods you eat make your gut healthier and functioning well.

The operation of our gut is easily affected by so many different factors, which makes it harder for us to take care of it. I think I have not paid enough attention to my gut, except for when I have digestion or such. This book proves me wrong. It gives details on how important the gut is to our life quality. And in fact, to have and maintain a healthy gut, one needs a lot of dedication. What's shown in the book not only help to keep the gut healthy but also to have a happier life.

At the point when your gut is unhealthy, it can bring about more than simply digestive uneasiness

“ it can destroy your health and run your life. This cookbook is straightforward, delectable that gives all of you of the above gut-recuperating supplements in one basic dish. The recipes support healing that are easy to digest and can repair the coating of the digestion system.

This is a wonderful book for healing your Gut. Our guts are more than a place to digest food; these are called as second brain. Our mood, emotions and health are directly linked to our gut. So we can't ignore our gut it is a important part of our body. This book helps you to know how you can start the healing process and to create a healthy environment for our guts.

This book is jam-packed with easy and delicious gut-healing recipes. This book goes deeper into dealing with causes and taking action with diet and supplements. Not only are there foods which you should eat for gut health, there are definite foods, drinks and food additives that you should avoid.

Very helpfull must say that this book can help many people. If you want to stabilize and normalize your eating, you must follow this book. Here, you can find all the advices on keeping your health. You can find useful guidelines against inflammation, as well. So, I would highly recommend this book those people, who have problems with their guts.

This a great guide for those looking to reset their metabolism. I have went through this book, followed the directions, and feel a million times better. I have more energy during the day, better quality sleep, and have been losing weight. Everything is very easy to follow.
