## Customer Reviews

This is a book that only contains game sheets, no writing or suggestions. The games are for a mostly older crowd. I'm 21, and most of the games involve questions that if you haven't been around long enough could not be very easy for example One game called famous couples your supposed to write in names of partner some people listed: George burns, Napoleon Bonaparte, Laura Ingalls. Some good Ideas for games but not for a younger group of people. I think I will only use one game out of the 8 listed.

SO many games, so much fun. We didn't do all of them but the one about who knows the bride the best was so much fun

Some of the games are definitely better than others. You'll have to tailor to the group.
