Tied In Knots: Funny Stories From The Wedding Day

Synopsis

Your wedding — the moment youâ™ve been waiting for your whole life — is tomorrow. The invitations have been sent out, the caterer and florist are lined up, and the bridesmaid dresses have all been exquisitely hand tailored. The location is spectacular and the officiant is your best friend. The weather is going to be great. Thereâ™s only one fear: that something unplanned and unexpected will happen. With biting humor, twenty true stories share the side-splitting details of wedding mishaps and mistakes. A momentous event for all, weddings bring together people — who may not know each other or know each other too well — to create an idealized vision of the occasion. But different cultural expectations, emotional outpourings, jealous ex-lovers, rules of etiquette, and lots of champagne can blur that vision, making for laugh-out-loud experiences no one ever expected, yet everyone can relate to. These funny women — brides, bridesmaids, guests, relatives, and strangers — know that wedding gowns can fall apart, that chocolate shavings will melt under the sun, and that dirty dancing isn't just a movie. They capture the essence of bad luck, bad taste, and bad decisions surrounding the big day in this witty, entertaining book.

Book Information

Paperback: 300 pages

Publisher: Seal Press; First Edition edition (March 16, 2006)

Language: English

Customer Reviews

Finally a book that doesn't tell you you have to be perfect. The writers in this collection are smart, honest and funny but they are not perfect and that's the fun. I have been helping my friend plan her wedding for the last year and this book was such a relief from all the cake tasting and dress shopping and diet worries. It's not anti-wedding at all, it just has a sense of humor about the whole

thing. You have to read "Bridezilla"--it's so good!

Wow apparently the first author hates fat people, or at the very least fat brides. The bride sounded terrible but how did her size factor into any of that? No matter how atrocious the bride's actions were, the author's snide remarks about her weight (and her imagining the bride wearing ill fitting lingerie) were a terrible reflection on the author and not the bride. After that first story I was feeling a bit sour on the whole thing so maybe this colored my review a bit but overall I found the rest of it pretty underwhelming. There were a few gems here and there, like the story about the mother of the bride who wanted to look fabulous at her daughter's wedding after a double mastectomy. But overall it was meh. Definitely not all that funny. I probably wouldn't recommend it.

I bought this book to read the week before my wedding to try and relax and get my mind off more stressful things. The stories were good but too long for me to read in one quick sitting and concentrate on while preparing for the wedding. I haven't finished the book yet and my wedding has passed, yet the stories still seem too long. The book is good, I would just recommend starting to read more than a week before your wedding!
