The Adult Psychotherapy Progress Notes Planner

Synopsis

Save hours of time-consuming paperwork with the bestselling treatment planning system The Adult Psychotherapy Progress Notes Planner, Fifth Edition. It contains complete prewritten session and patient presentation descriptions for each behavioral problem in The Complete Adult Psychotherapy Treatment Planner, Fifth Edition. The prewritten progress notes can be easily and quickly adapted to fit a particular client need or treatment situation. Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized progress notes. Organized around 43 behaviorally based presenting problems, including depression, intimate relationship conflicts, chronic pain, anxiety, substance abuse, borderline personality, and more. Features over 1,000 prewritten progress notes (summarizing patient presentation, themes of session, and treatment delivered). Provides an array of treatment approaches that correspond with the behavioral problems and DSM-5 diagnostic categories in The Complete Adult Psychotherapy Treatment Planner, Fifth Edition. Offers sample progress notes that conform to the requirements of most third-party payors and accrediting agencies, including CARF, The Joint Commission (TJC), COA, and the NCQA. Identifies the latest evidence-based care treatments with treatment language following specific guidelines set by managed care and accrediting agencies.

Customer Reviews

I have found this book very useful and it's a great AID to writing notes. However I do agree with the complaints and concerns that other reviewers/purchasers have about ultimately, these books all

being the same and LITERALLY repeating the same information. So just get a basic set. I wouldn't give these guys any more money beyond a ONE Treatment Plan, ONE Progress Notes, and ONE Homework Planner book. Seriously

very helpful, especially if you write progress notes frequently. I have several other books from this series! They are all extremely helpful. The treatment planners that go with each category are also very helpful for writing treatment plans, updating and session notes.

Great reference book that I use on a regular basis. Highly recommend for those working the public sector

What a life saver, I was getting writer's block with the increase of my caseload. So the help really helped, I'm a Mental health worker and I was able to fit the prompts to fit my work class.

VERY USEFULL FOR WRITING NOTES. ALL THE NESSESSARY WORDING IS PREWRITTEN FOR YOU.

Great tool for student psychologists.

This is a great tool when working on progress notes- specifically if you deal with insurance companies. My only suggestion would be to increase the symptoms addressed than the standard.

Very helpful for writing writing psychotherapy notes, filled with lots of ideas and concise clinical language
